Nick Alex for Congress Receives Teamsters Local 528 Endorsement

ATLANTA, GA – The Nick Alex for Congress campaign is proud to announce the endorsement of Teamsters Local 528, a powerful voice for working families across Georgia.

In their official endorsement letter, Teamsters Local 528 emphasized the urgent need for leadership that will stand up for working families and push back against the influence of corporate lobbyists. The organization highlighted Nick Alex’s commitment to fighting for everyday Georgians and lowering costs, noting that Washington has too often prioritized special interests over the needs of constituents.

“I am deeply honored to have the support of Teamsters Local 528,” said Nick Alex, candidate for Congress in Georgia’s 9th District. “This endorsement represents the voices of hardworking men and women who keep our communities running every single day. I am committed to fighting alongside them to ensure that working families not only get by, but truly thrive.”

The endorsement underscores growing momentum for the campaign and reflects a shared vision of putting people before politics.

“Working families are the backbone of our district and our country,” Alex continued. “I will go to Washington to break the grip of lobbyists, lower costs for everyday Georgians, and make sure our government is working for the people it is supposed to serve.”

Teamsters Local 528 noted that Nick Alex is the kind of leader who will stand up to entrenched interests and advocate for the needs of working people, reinforcing the campaign’s commitment to building a people-powered movement focused on affordability and economic opportunity.

This endorsement adds to the growing coalition of supporters rallying behind Nick Alex’s campaign to bring accountability, integrity, and real results to Washington.
